Note:

- 1) Your teacher assigns this text as assignment, it's marked Assigned in Google classroom. If you don't turn in your work on time (before 1:30 PM on the respective day), it's marked Missing or Done late as soon as the due date or time arrives. For example, if work is due at 1:00 PM, turn it in by 12:59 PM. If you turn it in at 01:00 PM, it's late.
- 2) We are noticing a problem with few students "making a copy" of other students' work and turning it in as their own (often late). It is also found that students are "sharing" docs and copying content then submitting to Google Classroom. If this is noticed, such students will be identified as involved in malpractice and their answer scripts will be rejected and awarded "0" Marks. As checking for duplicate document among student submissions is enabled, such students can be identified easily using GC Software applications. So, please submit your original work.
