

Three-day Student Induction Training Programme

Objectives of the Programme:

1. To help the B.Ed entrants adjust and feel comfortable in the new academic
2. To furnish them with an ease of transition to mainstream B.Ed studies through the introduction of ethos and culture of the institution
3. To help entrants build progressive and emotional bonds with peer and faculty members to self – explore and comprehend larger purpose
4. To inculcate the virtues of health and hygiene and help them realize the power of inner strength
5. To revise and reform and seminal concepts to fill the lacuna and sensitize them towards exploring their academic interest and goals for excellence in academics
6. To develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature
7. To promote holistic development through the exposure of wide gamut of circular, co-curricular and extracurricular activities

Introduction

Transition from UG/ PG students to B.Ed college life is one of the most challenging events in a student's life. When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. They come into a new unfamiliar environment, and many of them have little knowledge of a college. An important task, therefore, is to welcome new students to Higher Education and prepare them for their new role. Currently, precious little is done by most institutions, except for an orientation Programme lasting a couple of days. Student Induction is designed to help in the whole process. Therefore, it should be taken seriously, and as something more than the mere orientation Programme.

Student Induction Programme (SIP)

Purpose of Student Induction Programme is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self- exploration. The term induction is generally used to describe the whole process whereby the incumbents adjust to or acclimatize to their new roles and environment. In other words, it is a well - planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it. Student Induction Programme engages with the new students as soon as they come into the institution; before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed. Students Induction could cover a number of different aspects (SAGE):

Socializing: meeting other new students, senior students, students union, Lectures by Eminent People;

Associating: visits to University / college, visits to Dept./Branch/ Programme of study & important places on campus, local area, city and so on;

Governing: rules and regulations, student support etc;

Experiencing: Subject lectures, study skills, small-group activities, physical activity, creative and performing arts, literary activities, universal human values, etc.
